This is in response to the Notice to File Missing Parts, mailed July 17, 2005 (copy enclosed), which states that the compact discs submitted fail to comply with 37 CFR 1.52(e) because they contain non-ASCII files.

I. AMENDMENT

Please delete "Copy 1" and "COPY 2" of the compact discs, which were submitted as an amendment to the subject application on June 22, 2004. "Copy 2" of the compact discs is merely archive copy of the sequence listing and, therefore, is believed not to have been amended into the subject application. However, if it was so amended, please delete "Copy 2" as well.

II. REMARKS

A statement authorizing transfer of the parent sequence listing data (U.S. Ser. No. 09/696,791) to the instant case, per 37 CFR sec. 1.821(e), was submitted on June 22, 2004 (copy attached). Therefore, this transfer will satisfy the sequence listing requirements.

Respectfully submitted,

Date: August 18, 2005
